UNTIL 2028

This agreement is the result of a long and fruitful relation between the HERO and the UCI, which started when the HERO was host of the 2015 UCI MTB Marathon World Championships in the Italian Dolomites. Today, the event will lay the foundations for a truly international event aiming to contribute to the growth of the professional discipline. The UCI and the HERO will be working closely together for the next four years to achieve this goal.

The race calendar will consist of five of the most beloved mountain bike marathons in Europe, all united for the first time on the same circuit under the aegis of the UCI.

UCI President David Lappartient said: *“The HERO UCI CROSS-COUNTRY MARATHON WORLD CUP is a new series for specialists of this mountain bike format, and we are delighted to announce the calendar for 2025. Bringing together some of the most famous mountain bike marathon races in the world, this series has all the ingredients for epic battles, not only at each round, but also for the overall victory.”*

The **HERO UCI MARATHON WORLD CUP** features the Dolomites' race name because the HERO's organisers will coordinate the races, the professional teams, manage the rules and

the rankings as well as be in charge of sales and communication via the traditional press and social media.

Gerhard Vanzi, CEO and founder of the HERO Südtirol Dolomites, says: *"It's a great honour to be able to share the 2025 calendar of the mountain bike UCI Marathon World Cup, a circuit of races which will liven the summer of thousands of professional bikers. We'd like to thank the UCI for their renewed trust in us, as well as thank all the organisations which believed in the project of a high-profile UCI World Cup."*

The athletes eligible to compete for a spot in the final standings of the UCI World Cup will be the Men and Women of the Élite categories. However, the big news for the 2025 edition is the addition of separate standings for Men and Women with a Master Licence, if they're officially and regularly registered with their national club affiliated to the UCI.

Participants will have to confirm their participation in every single race, and their participation will automatically qualify them for the final standings. The **HERO UCI MARATHON WORLD CUP** will be responsible for updating the standings after each stage and publish them on www.herouciamarathonworldcup.com. Registrations open on 4 February 2025.
